Abstract

DIGITUS® Punch Down Tool for LSA strips, inclusive synthetic leather carry case

Features

- Punch Down Tool for LSA strips
- Cable insulation and cutting of the extending cable ends
- Includes synthetic leather carry case
- Includes Extraction- and Unlocking Device
- Also available as "Original Krone LSA+" version

Product Overview

The DIGITUS® LSA punch down tool is the ideal tool for cable installation in LSA strips.

Due to the ability of simultaneously punch down of the cable and cutting of protruding wire ends, as well as the practical extraction and unlocking device, it is the optimal addition of your tool portfolio.

The delivery comes with a protecting synthetic leather case.
